WHEATON----- C. Ardelt- 630-517-8817 & J. Appleby- 630-664-4042

Just as a reminder here are some of the long standing rules of the Western Rifle League.

- Teams can only use the scores of dues paid club members. Guests are welcome to shoot for score only.
- You must start and finish the season with the same team.
- Home teams are responsible to open the facilities by 7pm
- Ties are broken by highest offhand then kneeling and so on.
- Shooters can replace any lower position with a higher position at any time.
- There must be at least 5 shooters for a relay to start before 7pm

New Western Rifle League Rules

- Empty Chamber Indicators will be required (Same as any NRA match)
- Rifles will not be handled in the range while people are down range servicing targets.
- **Alternative shooting positions for physically impaired shooters needs to be approved by the three team captains annually. These shooters will be asked to explain their impairment and will have to use the official alternative disabled positions set by the NRA for physically impaired shooters. Team captains will have copies. There is no exception to this rule any infraction of this rule will result in that shooters scores not qualifying for team scores. Any questions ask Jim Appleby.**
